

DuPage County, IL

DuPage County is the second largest county in Illinois with about 1 million residents. DuPage is the wealthiest county in the state and has some of the busiest transportation corridors in the state.

Many police and fire agencies in DuPage County are dispatched by DU-COMM, one of the largest and most advanced dispatch centers in the Midwest. The Sheriff's Police has a multi-channel 800 MHz. conventional repeater system for operations. Most other agencies use various VHF and UHF channels for dispatch. Naperville has a citywide 800 MHz. trunked system for most operations.

DuPage is divided into 9 townships that mostly follow the survey lines. Each has Highway Departments as provided for in State Statute.

DuPage has an active Emergency Management Agency (actually called Office of Emergency Management/OEM). Several of the cities and village, including Elmhurst and Naperville also have active ESDA/EMA units.

Many DuPage County, local and DuComm operations will be converting to the StarCom21 system during 2011 and 2012. In addition DuComm will be expanding to towns such as Woodridge.

Sheriff: *(Several channels changed in the fall of 2006 due to rebanding)*

F1	857.3625	D205	Sheriff Patrol (Was 852.6625 before rebanding)
F2	854.9625	D205	Sheriff Patrol Alternate
F3	856.2125	D023	Courthouse (Wheaton) in-building repeater
F4	859.7875	D026	County Jail in-house repeater (Was 860.2375 before rebanding)
F5	852.6625	D205	Car-to-Car simplex
F6	854.9625	D205	Car-to-Car simplex
F7	856.2125	D023	Car-to-Car simplex (also SWAT)
F8	860.2375	D026	Car-to-Car simplex (also SWAT)
	855.6375	N263	Tac (P25)
			154.7700 131.8 Former Mobile extenders, now used by OEM
158.7900	131.8	Administrative uses	
158.9100	131.8	States Attorney	155.8900 D032 FIAT (Multi-agency SWAT)

41	Assault With Gun	193	Gas Leak		

Other County Operations

453.8625	74.4	Water Commission Low power repeater at HQ
StarCom21	TG1351	Water Commission operations
453.8625	88.5	Pac-RT's
037.9400	136.5	Health Department & DCERN (Health Dept now mostly on Nextel)
037.9600	107.2	Highway Dept (repeats 39.980) (Operations are simplex, but repeater licensed.)
155.2350		Old County Animal Control (Now on Nextel)
464.6625	D411	DuPage Center parking
472.5125	131.8	County Government Center security
453.2875		Health Department
218.9000		Water Department (Darien)
453.0875		Low Power (Wheaton Campus) (Also 453.5625)
453.6625	Date	Flood Control data (Also 453.7375)

Office of Homeland Security & Emergency Management (OEM)

The DuPage OEM has taken a lead role in weather spotting and reporting in northern Illinois since the Plainfield Tornado in 1990. OEM also holds Amateur Radio station KB9RDZ for RACES and spotter activities. OEM was the only local 24-7 OEM communications center in the state but budget concerns closed the office in 2010.

Federal tones F18 / F14 (2440.0 and 1780.0) tones are used to activate Severe Weather Alert Receivers on 155.0250. (Since the CentraCom console doesn't have 1780.0 a nearby Motorola tone of 1781.5 is actually sent instead of 1780.0, being within the tolerances of the receivers it works either way.)

DuPage OEM also dispatches several local OEM units on 154.9650, including Aurora, Bensenville, Naperville, Roselle, Warrenville, Winfield and West Chicago. Pager tests are at 1800 nightly, pager tones are in the CARMA Fire Tones Database.

Milton	045.6800, 156.7	York	461.1750, 85.4 (Senior Transit)

The DuPage County Forest Preserve District owns hundreds of acres of forest and prairie in the county. The District has a full service police department that patrols the properties. The FPD Police has it's own dispatch center. FPD Police use the StarCom21 system for many dispatch operations. Police operations on the old 151.325 MHz. are mostly car-car. Check the CARMA StarCom21 Profile for more info. TG1451 and 1452 are used on StarCom21.

469.5000	D172	ASI Security at County Fair

DuPage Interoperability Radio System (DIRS)

With the advent of new multi-jurisdictional responses to major incidents, many problems have been caused by incompatible radio systems. With 3 main radio bands used in DuPage County (VHF, UHF and 800) neighboring towns often cannot communicate with each other. While there are Mutual Aid channels such as ISPERN, these are not often available in portable radios or at base stations.

Several DuPage agencies got together and created the DuPage Interoperability Radio System (DIRS) to link the 3 radio bands so that communities can have compatible radio systems using existing mobiles and portables. DIRS was constructed as a large area cross-band system.

Radio channels in each band were obtained from local agencies that no longer needed them for routine operations. Westmont donated a former MDT channel, DU-COMM donated a T-Band repeater channel and the County donated a VHF channel.

Mobiles and portables would be programmed with a channel in it's band and then any traffic would be simulcast on the other 2 bands. This would allow VHF users to talk to UHF users and 800 users.

Control of the system is held by the DuPage County Sheriff's dispatch center. Operations are in analog or APCO25 modes.

158.7900	131.8	VHF channel obtained from the DuPage County Sheriff's Office
470.2625	146.2	UHF Channel obtained from DU-COMM
855.6375	100.0	800 MHz. (Was 860.2625 before rebanding)

DU-COMM

(DuPage Public Safety Communications)

DU-COMM, the largest central dispatch agency in Illinois, handles dispatch for 12 municipal police departments and 16 fire departments or districts in DuPage County.

DU-COMM started in the mid 1970's with 4 police dispatch channels and a countywide channel, actually open to any DuPage county police agency, even those not in DU-COMM. After adding Warrenville and West Chicago in the 1980's DU-COMM added a 5th police dispatch channel, that formerly used by Naperville and Warrenville, Naperville having moved to 800 MHz. In 2010 DuComm is scheduled to take over operations for Roselle.

After Northwest Central Dispatch moved to an 800 MHz. system their former UHF police channels were assumed by DU-COMM and are currently used to rebroadcast IFERN and ISPERN, the fire and police mutual aid channels.

For fire operations DU-COMM currently has 2 repeater channels and 2 simplex channels for dispatch, as well as IFERN. DU-COMM is the HQ for MABAS Division 12 that covers much of DuPage County.

DU-COMM handles 9-1-1 coverage for its member communities and provides expert Police, Fire and EMS communications services. It provides such advanced services as Emergency Medical Dispatch (EMD), Phase 2 Wireless 9-1-1 (geo-location), and mobile data terminals. The dispatch facility in Glendale Hts. is considered one of the most advanced facilities of its kind in the area.

DU-COMM uses UHF T-Band (470-482 MHz.) channels for Police Dispatch and VHF (150-160 MHz.) for Fire Dispatch. In addition there are several ACSB 220 MHz. channels used to relay Fire Station Alert traffic. 2 UHF channels also are used to rebroadcast the Fire Mutual Aid Channel of 154.265 as well as the Police Mutual Aid Channel of 155.475. These are of great benefit to the scanner listener as these are arguably the most interesting channels to monitor in this area, and these allow one to monitor traffic from much greater distances.

Many operations will be moving to StarCom21 in 2011 or 2012.

DU-COMM currently handles upwards of a quarter million calls per year for it's 28 member agencies:

Argonne National Laboratory (US Department of Energy)

Argonne Labs is operated by the University of Chicago. 3200 people work at the facility researching everything from atomic power to weather. The facility has about 1500 acres of land, much of it wooded. It also has a public picnic ground that has been used by CARMA for its annual picnic.

Argonne's FD is very involved with mutual aid with neighboring departments, including Lemont and TriState FPD's. Most Argonne operations are on StarCom21.

Superior Air-Ground Ambulance, Inc.

Superior Ambulance, long a private ambulance and medi-car provider, has branched out into providing front-line and back-up EMS service for several suburbs in the Chicago area. They also provide dispatch services, staff fire houses and other dispatch centers and provide alarm monitoring services.

The Metro Paramedic Services subsidiary provides staffing for up to 20 communities in the area, including Bensenville, Elmhurst and Glen Ellyn as well as temp service to several other communities such as Libertyville, Countryside FPD and Mundelein.

Most well known of the radio operations is the Superior run "Norcomm" dispatch center at Elmhurst. They are also MABAS Division 20 HQ.

154.3700	103.5	Fire	Northlake, Stone Park, Leyden Fire Dispatch
154.1750	146.2	Fire	Addison Fire dispatch
154.2650	210.7	Fire	IFERN/MABAS Operations, Division 20
153.5000	103.5	Fire	Alternate, repeats 150.775
155.8350		Fire	Reported as used by Div. 20 Command Van, possible input of 155.145

Superior private ambulances and medicars (subsidiary Illinois MediCar) are known to use the A-Beep "Sears 2" (Sears Tower) LTR system on the following frequencies:

LCN	Frequency	Mob Talkgroups:	Base Talkgroups	Use:
02	463.93750	0-04-141	0-04-142	Chicago 1
