

# Grundy County, IL

Grundy County has a population of about 40,000. Situated along the Illinois River and I&M Canal, it is on the outer fringes of the Chicago metro area.

Grundy County operates a Motorola Type II SmartNet trunked system transmitting from Morris. The System ID is 7B1C and the Control tone is 90.00 Hz. Most county operation have either been transferred to the trunked system or will be. Many of the older VHF and UHF frequencies may remain in use as back-up, tactical or auxiliary use.
