

Lake County, IL

Lake County runs an 8 channel EDACS system with 6 simulcast sites (Libertyville, Lake Villa Lake Zurich, Waukegan, Highwood and Warren Twp). Current frequencies are:

1 851.2500	3 851.6375	5 852.1250	7 852.8125
2 851.3000	4 851.6875	6 852.7250	8 853.5625

The system was intended to be used not only by all County agencies but by local operations as well. Talkgroups were reserved for local police and fire operations but most local departments have not joined and the system remains used mainly by County operations. EDACS radios have been issued to most public safety agencies in the County for Interoperability. These comms would be on the County Emergency groups. In 2005 Park City began being dispatched on the Lake County EDACS system, and in early 2006 so did Island Lake, Port Barrington and Tower Lakes.

Lake County Sheriff Radio Numbering System: The second digit identifies the Shift assignment:

5000's Administrative Units	5500's Investigations
5100's Midnight Shift Patrol	5600's Reserve Deputies, EMA, Jail Transport
5200's Day Shift Patrol	5700's Special Details, Court personnel etc.
5300's Afternoon Shift Patrol	5800's Special Details, Court personnel etc.
5400's Forest Preserve Units	5900's Coroner, Crime Prevention, Warrants, Marine Patrol, Civil Process

For 5100 thru 5300 units the third digit identifies the Patrol District:

5x1x Northeast	5x5x Central
5x2x Southeast	5x61-3 Long Grove contract cars
5x3x Southwest	5x71-3 Lake Barrington, N Barrington contract cars
5x4x Northwest	5x75-7 Beach Park contract cars
5x74 Volo Contract Car	
8100's Wauconda PD	8300's Port Barrington PD
8200's Island Lake PD	8400's Tower Lake PD

Lake County Fire Quadrants

Lake County is set up in 4 Quadrants and each Quadrant is assigned a Fire Dispatch channel that most agencies use. Over time some agencies have split onto other fire dispatch channels due to congestion.

Departments are assigned 2 digit numbers, stations are assigned numbers based on that. For example, Countryside is assigned "41" (First agency in Quad 4). Since they have 2 stations, they are numbered Stations 411 and 412. Equipment is numbered for the station it is assigned, so Engine 411 and Ambulance 411 come from Countryside Station 1. Not all agencies use radio identifiers in this system and some are still using the old 4 digit system, *those known not to do so are listed in italics.*

Quad 1 NE (154.3250, Rpts 158.7975 PL 127.3) Quad 2 NW (154.4000, rpts 159.0750, PL 127.3)

Great Lakes Naval Training Center

Great Lakes is the nationwide training center for all Naval recruits. It processes and trains almost every sailor in the US Navy and as such hosts a huge variety of functions.

After the nearby Fort Sheridan and Glenview Naval Air Station facilities closed various functions and units were moved around, and Great Lakes assumed some of the units from these facilities.
