

# McHenry County, IL

*In 2009 McHenry County went live with a Motorola StarCom21 compatible Astro-25 trunking system to serve the county's Sheriff and other operations. Some local agencies will also join the system, especially those that wish to remain dispatched by the MCSO. Should local agencies not wish to move to the new system they may need to make other arrangements, such as SeeCom, It has been assigned StarCom21 Site #146 and talkgroups in the 1100 series are used. All tower sites licensed are also Starcom21 sites for the McHenry County Simulcast set, Tower ID 120.*
